# HELPING TRANSFORM YOUR SAP-CENTRIC BUSINESS

**Change is a constant in today's digital world. Across all industries, we are seeing the power of digital technologies to disrupt and transform.**

There is growing pressure on businesses to **deliver value** more quickly and to leverage digital technologies to achieve a **competitive advantage**.

Your SAP systems are critical to helping you respond to these new requirements by offering the flexibility and agility you need to rapidly **adapt, extend and transform** your business. Now, you need to partner with a world-class SAP solutions and services

provider to achieve the enterprise-grade digital business you need to take on dynamic markets, widespread disruption, fierce competition and demanding customers.

If that sounds like a description of your business, then now is the time to talk to NTT DATA about how we can help you get the most out of your SAP software.

# WHY CHOOSE NTT DATA AS YOUR SAP PARTNER?

**You invest in SAP business applications and technology for value, best practices, agility and speed.**

So, you want a partner with **global reach** that invests in its professionals to continually update their skills, while ensuring they have the **business & technical knowledge** needed to successfully implement or develop the latest SAP technologies and solutions. Our global team has more than **16,000 Global SAP resources, over 25 years of** SAP delivery experience and a growing assortment of proprietary SAP lifecycle-based tools and accelerators.

But you also need to have those experts on hand and close by. What's more, you need experts who can understand your local business challenges. That's why in Spain you should choose NTT DATA. We have a **specialized SAP-centric business unit**—with more than 1,200 professionals specialized in SAP solutions and technologies—and we offer a complete range of services that span consultancy, business transformation, project implementation and operations.

We want organizations to **get the most out of their SAP software** and we have been helping them do that for more than 25 years.

If you want to talk to the experts in SAP in Spain, talk to NTT DATA.
