

Cobol Academy

What we seek, tech-savvy graduates is. Yes, hmm.

Take on real-life challenges where you get to be part of the solution for 9 million end clients. You will be mentored by leading experts to unleash your creativity and reshape the way our global insurance customer does business.

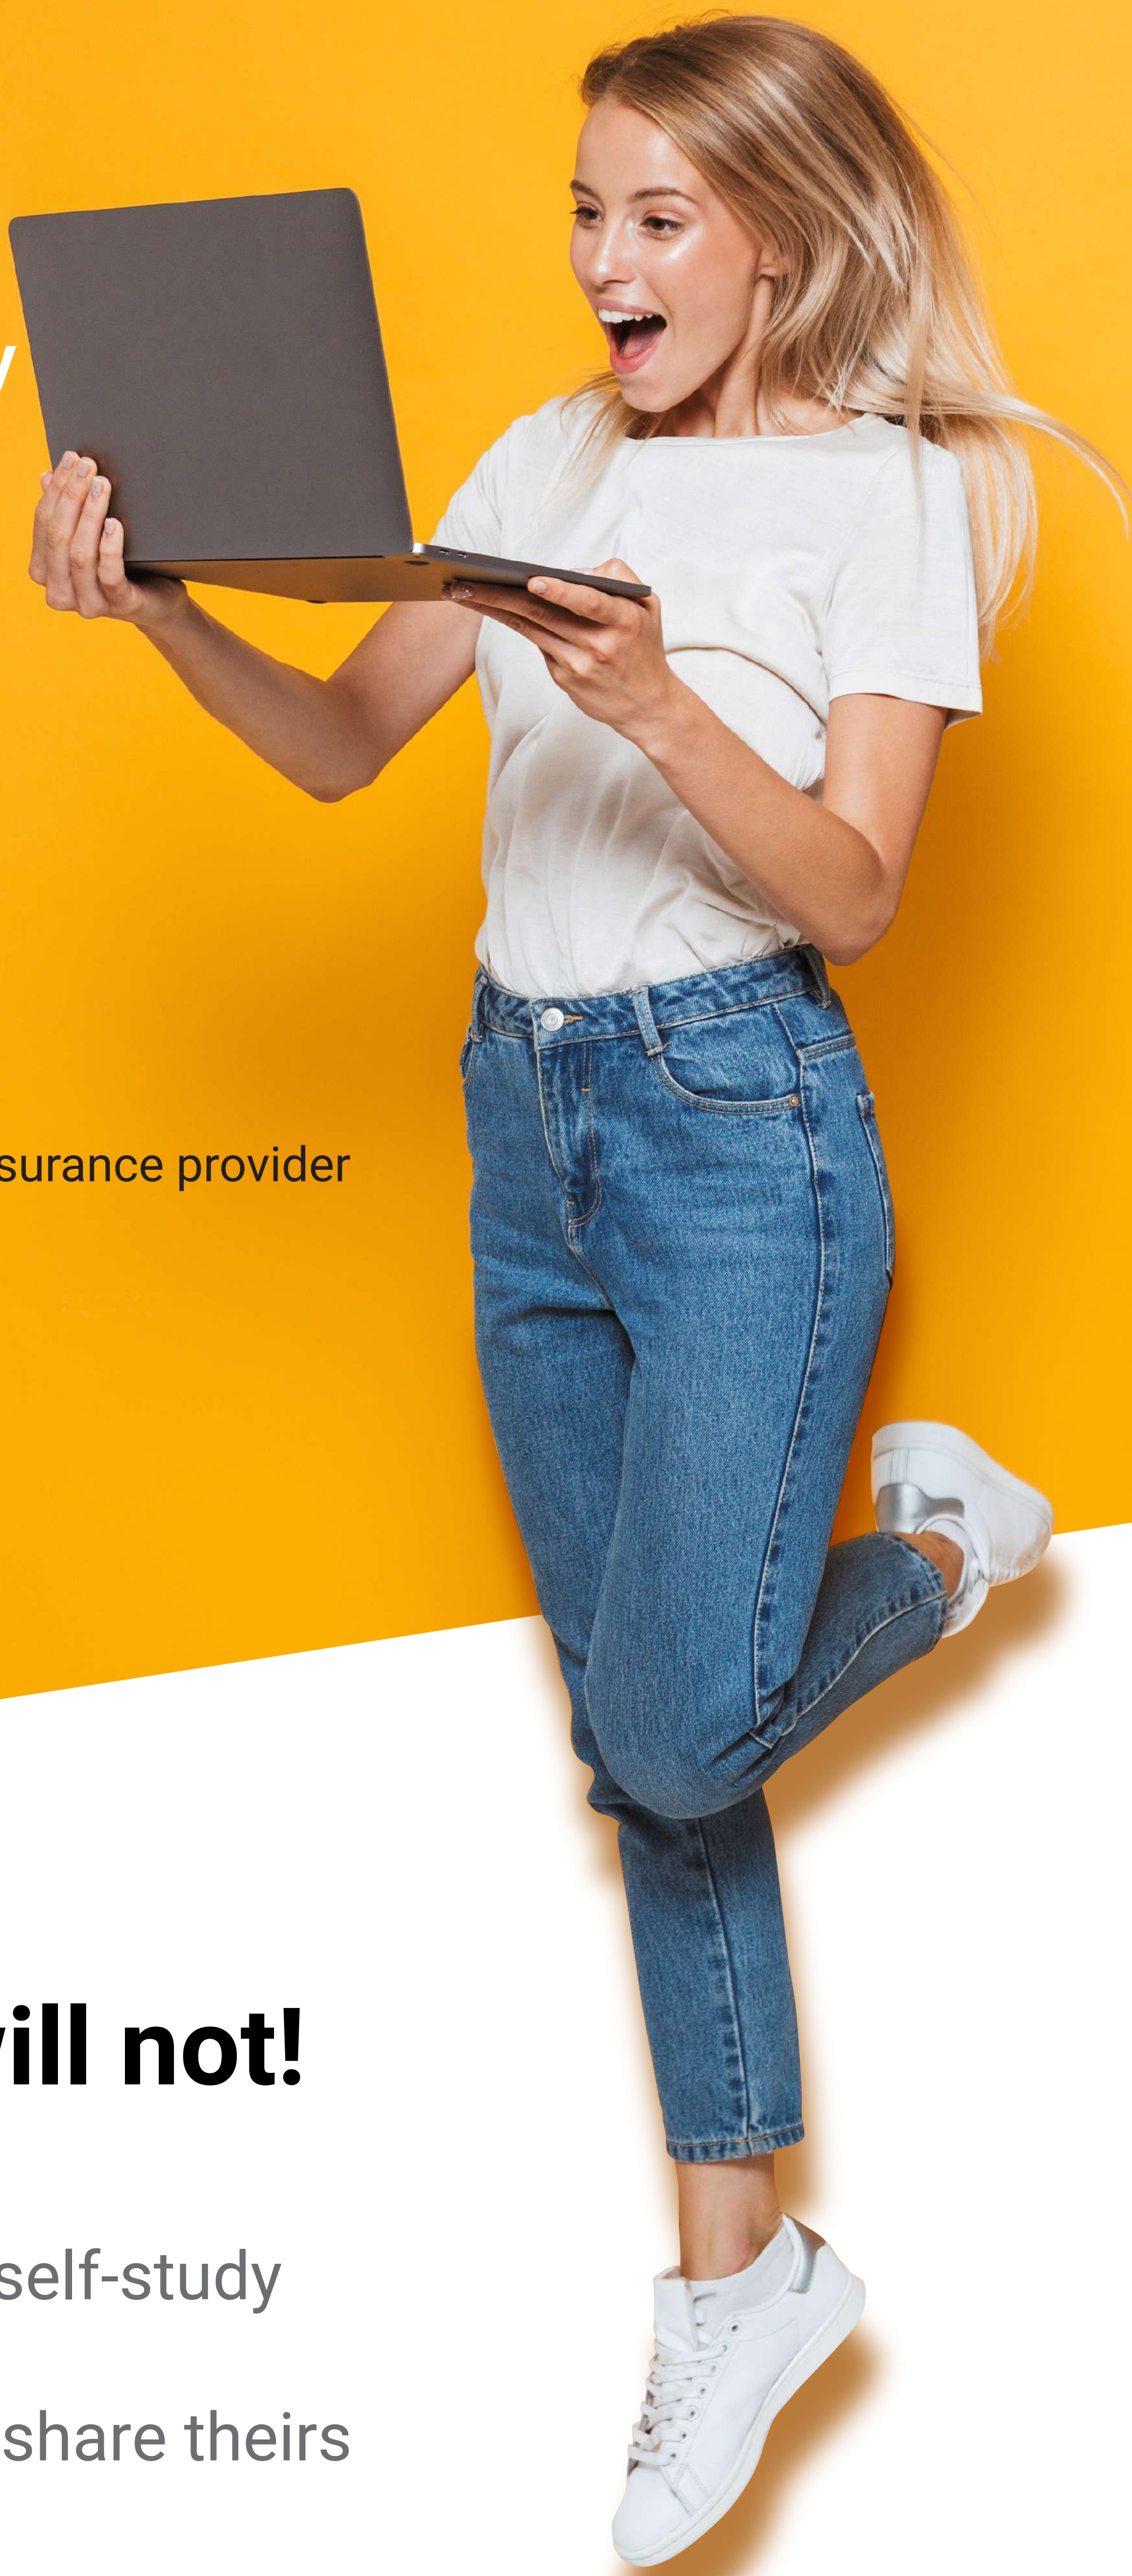

We truly believe that giving you the space to learn by “trial & error” sparks your innovation. This is the fast-track to Cobol development – you’ll get to work with former Academy peers and seniors in top-notch offices and work your way up to Cobol mastery.

Be what a wonder you must!

You are a fresh graduate fluent in German and you are looking for a **full-time, paid** experience that will land you an **entry-level job!**

Discover your office

YOUR FUTURE STARTS TODAY!

Work you should, fail you will not!
